THEREFORE, BE IT RESOLVED, by the St. Landry Parish Council that the St. Landry Parish government hereby grants the Town of Arnaudville permission and an easement along the sides of Roy Road in St. Landry Parish for the purpose of extending the underground water line alongside Roy Road.

BE IT FURTHER RESOLVED, by the St. Landry Parish Council that St. Landry Parish President Jessie Bellard is authorizes to sign any agreements or documents that are necessary to grant the Town of Arnaudville permission and an easement along the sides of Roy Road in St. Landry Parish for the purpose of extending the underground water line alongside Roy Road.

RESOLUTION NO. 015-2022

A resolution approving the holding of an election in Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana , on Tuesday, November 8, 2022, to authorize the renewal of special taxes therein.

WHEREAS, the Board of Commissioners of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "Governing Authority"), acting as the governing authority of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), adopted a resolution on June 1, 2022, calling a special election in the District on Tuesday, November 8, 2022, to authorize the renewal of special taxes therein; and

WHEREAS, the governing authority of the District has requested that this Parish Council, acting as the governing authority of the Parish of St. Landry, State of Louisiana, give its consent and authority for the District to hold the aforesaid election, and in the event that the election carries to continue to levy and collect the special taxes provided for therein; and

WHEREAS, as required by Article VI, Section 15 of the Constitution of the State of Louisiana of 1974, it is now the desire of this Parish Council to approve the holding of said election and in the event that the election carries, to continue to levy and collect the special taxes provided for therein;

NOW, THEREFORE, BE IT RESOLVED by the Parish Council of the Parish of St. Landry, State of Louisiana, acting as the governing authority of said Parish, that:

SECTION 1. In compliance with the provisions of Article VI, Section 15 of the Constitution of the State of Louisiana of 1974, and in accordance with the request of the Board of Commissioners of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana , this Parish Council hereby approves the

holding of an election in the District, on Tuesday, November 8, 2022, at which election there will be submitted the following propositions, to-wit:

**PROPOSITION NO. 1 OF 2
(MILLAGE RENEWAL)**

Shall Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), continue to levy a special tax of four and seventy-two hundredths (4.72) mills on all property subject to taxation within the District (an estimated \$61,660 reasonably expected at this time to be collected from the levy of the tax for an entire year), for a period of ten (10) years, beginning with the year 2024 and ending with the year 2033, for the purpose of constructing, improving, and maintaining gravity drainage works within and for the District?

**PROPOSITION NO. 2 OF 2
(MILLAGE RENEWAL)**

Shall Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), continue to levy a special tax of four and fifty hundredths (4.50) mills on all property subject to taxation within the District (an estimated \$58,780 reasonably expected at this time to be collected from the levy of the tax for an entire year), for a period of ten (10) years, beginning with the year 2023 and ending with the year 2032, for the purpose of constructing, improving, and maintaining gravity drainage works within and for the District?

SECTION 2. In the event the election carries, this Parish Council does hereby further consent to and authorize the District to continue to levy and collect the special taxes provided for therein.

RESOLUTION NO. 016-2022

A RESOLUTION TO ASSIGN POLLING LOCATIONS FOR THE PRECINCTS CREATED UNDER REDISTRICTING PLAN A

WHEREAS, The Census 2020 count has been completed and the PL 94-171 reapportionment data was delivered to the State of Louisiana on the 12th of August 2021, and:

WHEREAS, The St. Landry Parish Council conducted a study which found the current districts were malapportioned and thereby required redistricting, and:

WHEREAS, The St. Landry Parish Council developed Plan A as the new election plan for the members of the St. Landry Parish Council that was in fulfillment of the requirements of Section 2 of the Voting Rights Act, the requirements of the State of Louisiana, and the Louisiana Secretary of State, and:

WHEREAS, The new election plan is hereby designated as Reapportionment Plan A, and:

WHEREAS, The precinct splits contained in Reapportionment Plan A meet the requirements for splitting precincts as promulgated by the State of Louisiana such as, but not limited to using census tabulation blocks that contain visible features for split precinct boundaries, and:

WHEREAS, The precincts created by Reapportionment Plan A and adopted via ordinance required polling locations to be assigned.

NOW, THEREFORE BE IT RESOLVED That the St. Landry Parish Council, in Regular Session assembled, does hereby assign the following polling locations to the precincts contained in Reapportionment Plan A and redescibes the remaining precincts as hereby described to-wit in the attached Exhibit A.

RESOLUTION NO. 017-2022

A RESOLUTION IN SUPPORT OF THE ACADIANA CRIMINALISTICS LABORATORY DISTRICT CAPITAL OUTLAY REQUEST FOR FUNDS TO CONSTRUCT AND EQUIP A NEW ACADIANA CRIMINALISTICS LABORATORY; COMMITTING TO PROVIDE MATCHING FUNDS IN AN AMOUNT NOT TO EXCEED \$81,360.00 SHOULD SAID CAPITAL OUTLAY REQUEST BE FUNDED BY THE STATE OF LOUISIANA AND LOCAL MATCHING FUNDS BE REQUIRED; PROVIDING FOR THE EFFECTIVE DATE THEREOF; AND OTHERWISE PROVIDING WITH RESPECT THERETO.

WHEREAS, the Acadiana Criminalistics Laboratory District is a political subdivision of the State of Louisiana operating the Acadiana Criminalistics Laboratory for the purpose of crime detection, prevention, investigation and other related criminal investigative services; and WHEREAS, the Acadiana Criminalistics Laboratory District boundaries include the parishes of Acadiana, Evangeline, Iberia, Lafayette, St. Landry, St. Martin, St. Mary, and Vermilion; and

WHEREAS, the current Acadiana Criminalistics Laboratory facility is in need of repairs, expansion and upgrading to meet the increased demand for its services by the law enforcement, prosecutorial, and judicial community; and

WHEREAS, the Acadiana Criminalistics Laboratory District has submitted a Capital Outlay Request to the State of Louisiana for funding to plan, construct and equip a much-needed new Acadiana Criminalistics Laboratory, including office, evidence storage and laboratory space; and

WHEREAS, the new Acadiana Criminalistics Laboratory will be built on an approximately three (3) acre tract of land owned by the Acadiana Criminalistics Laboratory District located adjacent to or near the current Crime Lab facility; and

WHEREAS, the Acadiana Criminalistics Laboratory Project is extremely important to the health, safety and welfare of the citizens of the Acadiana Region; and

WHEREAS, most Capital Outlay Requests require some level of local matching funds; and

WHEREAS, the St. Landry Parish Council wishes to express its full and complete support of the Acadiana Criminalistics Laboratory District Capital Outlay Request and its commitment to provide its pro-rata share of any required matching funds should the Request be funded.

NOW, THEREFORE, BE IT RESOLVED that the St. Landry Parish Council hereby expresses its full and complete support of the Acadiana Criminalistics Laboratory District Capital Outlay Request to the State of Louisiana for funding to plan, construct and equip a new Acadiana Criminalistics Laboratory facility.

BE IT FURTHER RESOLVED, that the St. Landry Parish Council also commits to cooperate with the Administrative Branch of the Parish of St. Landry to use their best efforts to provide funding of up to \$81,360.00 should the Capital Outlay Request made by the Acadiana Criminalistics Laboratory District be funded by the State of Louisiana and local matching funds required.

BE IT FINALLY RESOLVED, that this Resolution shall become effective immediately upon adoption by the Parish Council of St. Landry Parish and approval by the Parish President.

XII. COMMITTEE MINUTES:

ST. LANDRY PARISH COUNCIL
SPECIAL MEETING
TUESDAY, MAY 10th, 2022
OLD CITY MARKET, 131 W BELLEVUE ST
OPELOUSAS, LOUISIANA

MINUTES

- I. This meeting was called to order by Chairwoman Vivian Olivier.
- II. Councilwoman Mildred Thierry led the Pledge and Invocation.
- III. Roll Call: PRESENT: Jerry Red Jr., Nancy Carriere, Mildred Thierry, Harold Taylor, Gil Savoy, Vivian Olivier, Wayne Ardoin, and Timmy Lejeune.
ABSENT: Easton Shelvin, Alvin Stelly, Dexter Brown, Jimmie Edwards and Coby Clavier.

Councilman Wayne Ardoin stated, “Madam Chair, if I am in order I will ask that we amend the agenda to add an item for the presentation of the situation with the fire victims.

A motion was made by Councilman Wayne Ardoin, seconded by Councilman Harold Taylor to Amend the Agenda to add an item for the presentation of a lifesaving award to be presented to Captain Charles LaJack and Sargent Damien Morgan.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Mildred Thierry, Harold Taylor, Gil Savoy, Wayne Ardoin and Timmy Lejeune. NAYS: None. ABSENT: Easton Shelvin, Alvin Stelly, Dexter Brown, Jimmie Edwards and Coby Clavier. ABSTAINED: None.

WHEREUPON, this motion was adopted on this, the 10th, day of May 2022.

Madam Chairwoman Vivian Olivier stated, “We will now call the State Fire Marshall Mr. Dan Wallace. Mr. Dan Wallace addressed the council. He stated, “Good afternoon, what a great day it is to be here in St. Landry Parish to address this council and these fine Citizens. I have the distinct privilege of traveling here with my wife Dee and some of my co-workers. It has been a long time, 37 years ago I traveled thru St. Landry Parish going to LSU-Eunice. I met some of your fine law enforcement folks then, but not on these terms. I am happy to be here on these terms today. I just want to thank Sheriff Guidroz and President Bellard, they both came up and talked to me and of course this council in the venue to recognize the men and women who serve your great parish on a daily basis. They continually put themselves in the line of harm, sometimes tragedy and they always come out and they do it again and they do it again and they do it again. I want to thank the St. Landry Parish Council for allowing us this venue to make this special recognition. I think that it is important that we realize that we serve every day and people serve every day. When we receive that special recognition, it just allows us to continue doing what we are doing knowing that we have the support of our community. I think that is really important. I want to thank the community, the people of St. Landry Parish for supporting this Government and supporting their Emergency Responders. I think that it is important that they know that we will continue to serve and these responders will continue to serve with really no awards. The awards only come every now and then but the award is knowing at the end of the day that you may have saved someone’s life, so that is really important. Stories like these are a testament to the significant of First Responder Agencies and a continuous support that they deserve. When we talk about the First Responder Agency Course, we are talking about your fire service, your police service, your EMS service and your emergency preparedness folks, these people that put their lives on the line continually. One of the things that I am really proud of is the partnership that all these agencies serve. I think this what we talk about today will be a true testament of how the agencies all work together and the men and women all work together regularly to save lives. I am honored to make these presentations as today is my first appearance as a State Fire Marshall. I have been in this business for 42 years, and I shared with the Governor the other day, he said 42 years and I said it does not feel like I have worked a day in my life. I love what I do. I have worked as Fire Marshall Browning Assistant since

2008, as many of you know, he has retired. I have stepped into that roll and I am honored to be there. I am honored to serve the Citizens of the State of Louisiana.

The First Award is a Life Savings Award for Captain Charles LaJack. On January 13, 2022, Captain LaJack showed courageous effort to save a disabled victim from a house fire in Opelousas. Together with St. Landry Sheriff Sargent, Damien Morgan an attempt to pull the woman from her window was initially unsuccessful, Captain LaJack then climbed into the window, lifted the victim to allow Sargent Morgan to pull her to safety. This award is in recognition of Captain LaJack's heroic action. Captain, thank you very much for your service and thank you for your lifesaving effort. God Bless you.

The second award is a lifesaving award for Sargent Damien Morgan with the St. Landry Sheriff's Office. On January 13th, 2022 Sargent Damien Morgan showed courageous effort to save a disabled victim from a house fire in Opelousas. Together with St. Landry Fire Protection District #3, Captain Charles LaJack in an attempt to pull the woman from her window was initially unsuccessful, Captain LaJack then climbed into the window and lifted the victim to allow Sargent Morgan to pull her to safety. This award is in recognition to Sargent Morgan heroic effort.

Thank you sir, God Bless you. So we have a message, the victim that these two gentlemen worked heroically to save cannot be here tonight. Ms. Abbey Lemaire has ask that we share that she feels Blessed that these two heroes were there for her and she appreciates everyone who helped her thru that time. What a wonderful message from a victim, someone who our first responders saved her life. Thank you very much for giving me this opportunity, I am honored to have given these awards to these two fine gentlemen. Thank you very much." I would be remiss if we did not recognize the family members of these two fine gentlemen, it takes a family to support and I appreciate the family members as well."

IV. Items for Discussion:

- Discuss Polling Locations, Boundary Lines and Voting Precincts in St. Landry Parish.

Mr. Mike Hefner, Chief Demographer addressed the council. He stated, "It is good seeing you all again. As you know we have gone thru a lot of work shops and a lot of discussions with regards to your redistricting plan which is common with the board. We are at the point right now that we have our district boundaries in place for our election plan and with that comes your precincts that gets split. That of part of what the whole plan was back in 2019, we would start with larger precincts and we would always end up splitting them as we try to balance out your population because it is seldom that we have any precincts that all fit within one district. Usually we have to split them. When we split a precinct for a parish governing authority, the state law says you have to adopt by whole precinct, so when we split, we create a whole precinct on that. We had some discussions with regards to your precinct boundaries, some of which particularly in the north end of the parish is so large we actually did not split any for your districts, we end up creating some for voter convenience. We also in some other areas of the parish, we have also got together for a little workshop over here, we also created a few more precincts for voter convenience, so we can get the voters closer to their polling locations. In the end we will increase a number of precincts going into the fall election. Then the Secretary of the State next year will do their, what they call their Canvas and the small precincts will ask to see the merge into an adjoining precincts or consolidate the polling locating but we will cross that bridge when we get to it. Any of those changes will go into place for your 2023 election. Right now I know Sherell, myself and the Clerk's Office is in consultation with all of you, have been working on polling locations are best assigned to all of the precincts, new and existing precincts so that list has been sent to you. What we would like to do is formulize that. If we need to make any tweaks to it, we can, but once we are good with it, we need to formulize that in the form of an ordinance to assign your polling location. We also need the introduction of your plan and the introduction of the ordinance to create the precincts that your plan created by splitting precincts. So we have three things that we will end up having to do at your upcoming meeting in order to get everything in place so I can get the boards plan adopted and to the secretary of state in time for their election because they run this fall. They have the 21st of June to get everything together. It depends on what you do here particularly with your precincts. Your election is not until next year but this will finish up everything for you all. You all will be finished with it and move on to more important business with regards to the parish. I am going to open it up, I think you all are familiar with the process that we have done. I will try to answer any questions that you may have and suggested changes."

Councilman Jerry Red Jr. stated, "The Opelousas Civic Center, that is normally at the Fire Station, that is 21-A.

Mr. Mike Hefner stated, "That is my understanding. I just want to remind everybody, I am not an expert on your locations. Your clerk is. Sherell has been working with the clerk but I put in the ordinance what they want me put in. It is my understanding there may have been some issues with the Fire Department and they were suggesting to move it to the Civic Center. If there is something specifically regards to that,

it may be best answered perhaps by the Clerks because they are generally the ones that look at the polling location. I am just kind of pick up what I am hearing that there were some issues with the Fire Department.”

Councilman Jerry Red Jr. stated, “My main question was, can you tell us or can you elaborate on what was wrong with the fire station?”

Mr. Mike Hefner stated, “I can’t, maybe Sherell can.”

Council Clerk Sherell Jordan stated, “Some Fire Fighters were sleeping there and they asked not for the people to continue to go inside because of COVID with the firefighters staying there sleeping. So they moved it to the Civic Center. It has been there for about two years or longer at the Civic Center.”

Councilman Jerry Red Jr., stated, “With all due respect, to my understanding I thought you all were saying something about they had problems with Bats.

Council Clerk Sherell Jordan stated, “Bats too.”

Councilman Jerry Red Jr., stated, “So which one is it?”

Council Clerk Sherell Jordan stated, “Both”

Councilman Jerry Red Jr., stated, “The Fire Station on Union Street.”

Council Clerk Sherell Jordan stated, “They said they have Bats also.”

Parish President Jessie Bellard stated, “Bats at the Fire Station. I am sorry, I worked there 23 years and I did not see the first Bat.”

Councilman Jerry Red Jr. stated, “The reason I am asking is because, Opelousas Civic Center is completely out of the district. That is all the way in District 2. It is out of the area where the people are going to go and vote. We just want to make sure. If that location is not the location that it should be, the elected officials and not the clerk of court making that decision. I would like to get with Ms. Stansberry and see if we could come up with another place if not the Civic Center because that is totally different in another area if we can’t use that Fire Station.”

Parish President Jessie Bellard stated, “That would not have to happen tonight right Mr. Hefner? The Polling Location. As long as the precincts.....

Mr. Mike Hefner stated, “Even when you introduce, if we need to tweak a few things between introduction and final adoption, you can pass an amended ordinance at the final.”

Councilman Jerry Red Jr. stated, “As far as all the others, they all look good.”

Councilwoman Nancy Carriere stated, “With me, I noticed that I have two at the Fire Station. 21 and 13 B, I think they were the ones that I was looking for a place. You end up putting them at the Fire Station. That was part of IFBS. Is that it?”

Mr. Mike Hefner stated, “We have some of yours that are IFBS. I think the ones that were at the Fire Station, they suggested moving them to the Civic Center which was 13 B and 21.”

Councilwoman Nancy Carriere stated, “Which Fire Station? Fort Hamilton, part of that one or the Fire Station on Union?”

Mr. Mike Hefner stated, “I think it was the one on Union.”

Councilwoman Nancy Carriere stated, “I think I was asking that we keep that one. So was there an issue there?”

Council Clerk Sherell Jordan stated, “Yes, that is the same Fire Station that Mr. Red had.

Councilwoman Nancy Carriere stated, “Oh really, I did not know they had two precincts there.”

Council Clerk Sherell Jordan stated, “Yes ma’am.”

Councilwoman Nancy Carriere stated, “I have no problem with the Civic Center, so right now if Mr. Red does not have one there, I will have two at the Fire Station, Two precincts right?”

Mr. Mike Hefner stated, “Yes.”

Councilwoman Nancy Carriere stated, “What is the combined number if you don’t mind. It is big enough, I am good with that.”

Mr. Mike Hefner stated, “I don’t know what the registered voters are. We won’t know until they are assigned to their precincts.”

Councilwoman Nancy Carriere stated, “That is good. If something changes or if I can find another location out of the two but if not, I am good with that. I just want to know, how does that work if we have an election that falls on a Saturday and it is a rental?”

Mr. Mike Hefner stated, “That I don’t get involve in. I do the Demography. Unfortunately I don’t do the rest of it.”

Councilwoman Mildred Thierry questioned, “I am looking at the different documents that we have been presented with, the re-do of the precincts. I agree with everything that is on those list but the only problem is, one of my precincts isn’t shown on the map. I would like to know where it Precinct 4-B, Washington Elementary. It is not showing, I don’t see it on the map, unless I am overlooking it.”

Mr. Mike Hefner stated, “It is right next to 4-A. It is not hooked up to the screen but it is that yellow area on my screen. That is 4 B. It starts at Bayou Cocodrie and it comes into Washington right into the out skirts of the city limits of Washington on HWY 103.”

Councilwoman Mildred Thierry stated, “Why is it not showing on my map?”

Mr. Mike Hefner stated, "I don't know, I will have to take a look. It might just be a matter that there were other labels on there that prevented the software from placing it. I will pull up your map and see. Sometimes the software tries to place the labels and sometimes it runs out of room."

Councilwoman Mildred Thierry stated, "Before I vote for anything, I have to make sure this is correct. I notice that you have taken Faith Drive off of HWY 749, that was in District 4 and I see it is pulled over, I am not sure what District it is with the pink. It is in District 3 now, it was in District 4. It makes sense because everything else on that side is in District 3. I never could understand how all of those other streets on that side were District 3 and Faith Drive was in District 4. Now I see that it has changed to District 3, Right?"

Mr. Mike Hefner stated, "I am looking at your Precinct Map but if you are talking about your Election District, let me pull that up and I can tell you. I have to switch back and forth between the two."

Councilwoman Mildred Thierry stated, "It is in that same category with Government Road, Jolivette Road, Veterans Drive and all of those. Do you see Faith Road?"

Mr. Mike Hefner stated, "Yes, they are following that precinct boundary. It is coming down HWY 749."

Councilwoman Mildred Thierry stated, "So It is no longer in 4, it is in District 3."

Mr. Mike Hefner stated, "It is in 3. That is correct. It comes on down and follows it to Compress Road. If you want I can send you a map of the precinct."

Councilwoman Mildred Thierry stated, "Can I get a printed copy?"

Mr. Mike Hefner stated, "I can send it to Sherell and she can print that for you. I can also show you on the screen if you want to see it ahead of time."

Councilwoman Mildred Thierry stated, "When are you going to send it to Sherell so that she can make me a copy. Will it be tonight?"

Mr. Mike Hefner stated, "Yes I can do it tonight when I get back to the office."

Councilwoman Mildred Thierry stated, "Oh when you get back to the office I thought you were going to do it ASAP."

Mr. Mike Hefner stated, "I can after the meeting I can go in her office and we can do it then. I have done it on the side of the Interstate before."

Councilman Harold Taylor stated, "Before you start printing, I have one that is the same."

Parish President Jessie Bellard stated, "You all will be adopting the precincts, not the maps. I just want to stress that we have to get this done."

Councilwoman Mildred Thierry stated, "I know but I have to make sure that I get this in."

Parish President Jessie Bellard stated, "Right, but the 4 B is on the list."

Mr. Mike Hefner stated, "We will be sending it to the printer and get it done before you leave tonight you will have a copy of it."

Councilman Harold Taylor stated, "Pull up District 5 and tell me where 1 D is."

Mr. Mike Hefner stated, "I don't know if my screen is big enough to pull District 5."

Councilman Harold Taylor stated, "I know, all I need to know is where is 1 D? I can't find it on the map."

Mr. Mike Hefner stated, "1 D on mine was carved out of 1 and it is south of Horecky Road down to 10 and it comes down following the current precinct boundary to HWY 10 just outside of Washington. I am going to do the same thing to you."

Councilman Gil Savoy stated, "I am finding all of mine other than 16 A, which is Krotz Springs Community Center. I have 17 which would probably in that same building am I Correct?"

Mr. Mike Hefner stated, "Yes, 17 is definitely in there. 16 A is Krotz Springs Community Center along with 17 on the list."

Chairwoman Vivian Olivier stated, "I have Sunset Community Center, all of the polls are in one place."

Mr. Mike Hefner stated, "I am not sure how they have that set up. Sherell do you know how they set up the Community Center in Sunset because I am not really sure Ms. Olivier."

Chairwoman Vivian Olivier stated, "They have about 4 or 5."

Mr. Mike Hefner stated, "Yes, you have 34 and 34A which is going to be a part of 34 which will be a little bit smaller. You have 37 in there."

Chairwoman Vivian Olivier stated, "We had one at Sunset Elementary. That one is out. We can't use that anymore."

Councilman Wayne Ardoin stated, "That is why they are all over there. You have some of the people that I represent in that same 34 A and 37."

Mr. Mike Hefner stated, "I don't know anything about the size or how they have it set up to be quite honest with you. I haven't even been in the facility."

Chairwoman Vivian Olivier stated, "Well we will see how it works. If it works in November, we will be alright."

Mr. Mike Hefner stated, "Yeah, a lot of these, we are either bringing it back to the way it was before or they have already been voting there. This should be nothing new for a lot of

them. It should not be anything new for the facility itself. They have already handled these. I think we are okay. Again, that is just my take on it. I am intimately familiar with the polling location or how the tables are set up.”

Councilman Wayne Ardoin stated, “I am good Mr. Hefner. I had a question on Christ the King but I see where you had taken these people in on that map at Christ the King. I never had the precinct before. I am glad to see that Park Vista is back. Thank you very much.”

Councilman Timmy Lejeune asked a question but he was not clear on the mic.

Mr. Mike Hefner replied to Councilman Timmy Lejeune’s question. He stated, “I have 33 and 33 A which was split off between District 11 and 9 at Christ the King. That is the only two that I am seeing off hand.”

Councilman Timmy Lejeune stated, “What they are saying at Christ the King Church, it reduced the ability for them to park. I think that it is going to be ok because I don’t see the numbers that they were talking about. They must have moved a precinct out of there.”

Mr. Mike Hefner stated, “Well we split some precincts to try to get you all numbers to balance so some of those splits are going to a polling location that is closer to them than Christ the King was. They may not be going there as they were before. They probably will be going to another precinct.”

Councilman Timmy Lejeune stated, “For this last election we had put some precincts in Christ the King Church and they had about 3000 voters in there.”

Mr. Mike Hefner stated, “Probably with the splits, probably not. Remember those were the big precincts that we not had a chance to redistrict and split up yet. Some of those has since been divided. You see you have 33, 33A, 34, 34A, all of those are precincts that have been split in that general area. 33 is actual precinct that Christ the King is located at. So 33A, I think is still going there. There is a chance that we may have had some that were going there because those precincts are really large that have now been reduced and sized.

Councilman Jimmie Edwards stated, “I have a question on Highland 44. I have two Highland. They have two precincts in there. 44 and 49.”

Mr. Mike Hefner stated, “I am looking for them right now. Did we have a change there Sherell? From Highland.”

Councilman Jimmie Edwards stated, “What about Southeast Community Center. You have a 51 and 51A. But 51A is in District 13. They have two polls in there. I am good. Thank you.”

Mr. Mike Hefner stated, “Are there any other questions? If not we have a couple of precincts to print, we will go ahead and do that.”

Parish President Jessie Bellard stated, “Tonight you will need them to introduce those two ordinance is that correct?”

Mr. Mike Hefner stated, “That is correct and we can tweak if we need to.”

Councilman Wayne Ardoin questioned, “Do we have to include the School Board in this thing or can we go ahead introduce this ordinance?”

Mr. Mike Hefner stated, “Yes.”

Councilman Wayne Ardoin stated, “As the St. Landry Parish Council we will accept this.”

Mr. Mike Hefner stated, “There plans are actually separate from you all. But it happens to follow it. Actually they are waiting on you all.”

Councilman Wayne Ardoin stated, “Madam Chairman, I am going to offer it as an Ordinance. The changes that were done tonight and everyone that is present here tonight is okay with it. I will offer it as an Ordinance.”

Councilman Jimmie Edwards stated, “I will second it.”

Legal Counsel Garrett Duplechain stated, “Are we talking about two ordinance Mr. Hefner?”

Mr. Mike Hefner stated, “I can combine your precinct ordinance to include the polling locations so you can just handle one if you are going to handle it that way. Some prefer to handle it separate and some we just incorporate the whole thing. Since you have it all done I think we could probably do.”

Legal Counsel Garrett Duplechain stated, “Just one ordinance or two?”

Mr. Mike Hefner stated, “You can do it with one, if the council is good with one, I am good with one. You will need two total. You will need a Plan A adoption Ordinance and you will need a Precinct Ordinance. The Precinct Ordinance will create the new precincts that Plan A created thru its District Boundaries. I can add the polling locations to the precinct ordinance so you won’t have to have a third ordinance just listing polling locations.”

Legal Counsel Garrett Duplechain stated, “So they will introduce the Precinct Ordinance this evening and the Polling Ordinance later?”

Mr. Mike Hefner stated, “No, lets’ just incorporate the whole thing together. The Precinct Ordinance, when I write those descriptions I will assign the polling locations based on the list that we have here.”

Legal Counsel Garrett Duplechain stated, “You mean both of these in one?”

Mr. Mike Hefner stated, “No.”

Parish President Jessie Bellard stated, "So you have 2022-009 is the first one that needs to be introduced that is the Precinct Changes. 2022-010 is the actual re-districting if I am not mistaken. You have two Ordinances tonight to introduce and the precinct one he can add the polling places into the precinct one whenever it is time."

Councilman Wayne Ardoin stated, "I will offer them both so we can roll with this thing."

Councilman Harold Taylor questioned, "Mr. Hefner has our Chief Election Officer and the Clerk of Court been involved with all of this? Is he satisfied with the precincts because he was not satisfied with the last time that we did this? It is fair to ask."

Mr. Mike Hefner stated, "I know Sherell has worked with some of the staff members in the clerks office. I have been in Sherell's office when she has had them on speaker."

Council Clerk Sherell Jordan stated, "I have been speaking to Ms. Cheryl Milburn and Lauren Jones. I also speak with Ms. Debra. We were actually on speaker with Mr. Hefner and we were going over all the precincts and they are fine. They were very pleased."

Councilman Harold Taylor stated, "Because we had gotten a real ugly letter from the Clerk of Court the last time that we did this without his input. We have invited him and he failed to come."

Council Clerk Sherell Jordan stated, "They are very pleased with the change."

Councilman Timmy Lejeune stated, "I want to know in the last election at Christ the King Church, they were complaining because the volume of people were so high. Did you move a precinct out of there? Because if you did not, we need to. The concerns are parking." We had moved a precinct in there from Opelousas or somewhere."

Mr. Mike Hefner stated, "Give me a minute to see if I have that Ordinance from back then. Unless Sherell, if you know off hand, I want to try to see if I have that information."

Parish President Jessie Bellard stated, "After he is finished I have a question regarding the polling places."

Mr. Mike Hefner stated, "Christ the King had 24, 33. I am looking at the list from back then. It looks like 24 and 33. Let me look at my map. 24 might be the one you are referring to in the Opelousas area. That was to the north. 24 is now assigned to The Living Waters Christian Center, so 24 will not be voting there."

Parish President Jessie Bellard stated, "You mentioned earlier about the polling places being part of the ordinance. Does it have to be done by Ordinance or can it be done by a Resolution. I know in the past we have been changing locations by Resolutions."

Mr. Mike Hefner stated, "That is probably more of a question for your council. We generally do it by ordinance but that does not mean that it has to be done that way."

Legal Counsel Garrett Duplechain stated, "We could probably set these polling locations by Resolution, these right here."

Mr. Mike Hefner stated, "I am going to list then on the precinct thing just so we will have all that information in one. If you want to adopt by that, I don't have no problem with that."

Legal Counsel Garrett Duplechain stated, "Once you set them by Ordinance, you have to change them by Ordinance."

Parish President Jessie Bellard stated, "If he inputs the polling location on this ordinance then it becomes an ordinance and we will have to change them there after by ordinance."

Legal Counsel Garrett Duplechain stated, "Right, once we change that polling location, we have to amend the ordinance to change it, if we do it by ordinance."

Parish President Jessie Bellard stated, "What I am saying, do we have to do it by ordinance? I know in the past we were changing them by Resolution which was a lot easier, especially if we had a problem."

Legal Counsel Garrett Duplechain stated, "I would think that we could do it by Resolution."

Mr. Mike Hefner stated, "I will leave them off then. If putting it in as an ordinance locks in the ordinance I will take it out."

Parish President Jessie Bellard stated, "If we don't have to do it by law then lets' not do it because we can easily change it by Resolution instead of by ordinance."

Councilwoman Nancy Carriere stated, "That has no effect on our time. We can always fix that. Do we need to make a motion on that we will agree to do it by Resolution?"

Mr. Mike Hefner stated, "I have not put it in an Ordinance yet. I will be spending probably 10 days drafting all of your meets and bounds description of your precincts. I would probably just go ahead and make the motion to adopt the polling locations by Resolution."

Councilman Harold Taylor stated, "The ordinance on the re-apportionment, this if the first one. This is not the final one. It has 14 precincts for me and it is supposed to be 16."

Parish President Jessie Bellard stated, "He said he was going to make those readjustment in between introduction."

Councilwoman Nancy Carriere stated, "Then I will make that motion."

A motion was made by Councilwoman Nancy Carriere, seconded by Councilman Harold Taylor to adopt all polling locations by Resolution instead of Ordinance.
On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Mildred Thierry, Harold Taylor, Gil Savoy, Wayne Ardoin, Timmy Lejeune and Jimmie Edwards. NAYS: None. ABSENT: Easton Shelvin, Alvin Stelly, Dexter Brown and Coby Clavier. ABSTAINED: None.
WHEREUPON, this motion was adopted on this, the 10th, day of May 2022.

Council Clerk Sherell Jordan stated, "Just to be clear, this motion was to change the polling locations to a Resolution. We are going to keep the current Ordinances that we have. Mr. Wayne is the sponsor for both of those. We will just do a Resolution for the Polling Locations."
Parish President Jessie Bellard stated, "The changes that needs to be done, Mr. Hefner stated that he can do that in between now and the night of the ordinance being passed."
Mr. Mike Hefner stated, "There will be two ordinance, one for Plan A and one for the Precincts with Planning."
Councilman Jerry Red Jr., stated, "How much of a difference is the council and the School Boards plan?"
Mr. Mike Hefner stated, "They are identical right now."
Councilman Jerry Red Jr., stated, "They are identical. The Parish Council is the one that they are going to go with."
Mr. Mike Hefner stated, "Yes. You kind of set the lead because you set the precincts. If they have to split a precinct they will do it by lock out. They are not legally obligated to do it by you all have done that now for the past several cycles. I know the voters love it."
Councilman Timmy Lejeune stated, "Are we doing the Boundaries tonight?"
Mr. Mike Hefner stated, "For your Plan? If you have any questions on it I will try to answer them. I sent the maps out."
Councilman Jerry Red Jr., stated, "We have a School Board Member here that would like to ask a question."

Ms. Bianca Vedell, District 5 School Board Member asked a questions. She was not near the mic so her questions were not clear.

Mr. Mike Hefner answered questions from Ms. Vedell. He stated, "Plan A is the Election Districts. Election Districts are made up of combining precincts together. The line is the Election District Boundaries. We made a motion to introduce the Ordinance for that. They will not adopt it until their June Meeting. Theirs is a twostep process."

Mr. Mike Hefner informed Ms. Bianca Vedell that he would be happy to sit with her and go over any questions that she may have."

V. ADJOURN

A motion was made by Councilman Harold Taylor, seconded by Councilman Jimmie Edwards to adjourn this Special Meeting of the St. Landry Parish Council.
On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Mildred Thierry, Harold Taylor, Gil Savoy, Wayne Ardoin, Timmy Lejeune and Jimmie Edwards. NAYS: None. ABSENT: Easton Shelvin, Alvin Stelly, Dexter Brown, and Coby Clavier. ABSTAINED: None.
WHEREUPON, this motion was adopted on this, the 10th, day of May 2022.

ST. LANDRY PARISH COUNCIL
PUBLIC WORKS COMMITTEE MEETING
WEDNESDAY, JUNE 1st, 2022
OLD CITY MARKET, 131 W. BELLEVUE ST.
OPELOUSAS, LOUISIANA

PUBLIC WORKS COMMITTEE MEETING MINUTES

1. Chairman Dexter Brown called this meeting of the Public Works Committee of the St. Landry Parish Council to order.
2. Councilman Gil Savoy led the Pledge of Allegiance & Invocation.
3. Roll Call:

Mildred Thierry, Gil Savoy, Dexter Brown and Jimmie Edwards.
ABSENT: Alvin Stelly and Coby Clavier. Ex-Officio Vivian Olivier.
Councilman Coby Clavier was late for roll call but later joined the meeting.

4. Person to address the Committee:

Ms. Cheryl C. Milburn addressed the council regarding her retirement. She stated, "To our Parish President, Mr. Jessie Bellard and to all the other Councilman of St. Landry Parish, I stand before you to make one announcement. July 22, 2022 will be the date of my retirement. I have been in the Registrar of Voters Office since April 11, a total of 45 years. I think that it is time to get out. I have enjoyed my work in that office. We always try to be pleasant and easy going with the people that come in with the gripes and the spiff. I just praise and I thank God for helping me to be able to handle that position in the Registrar of Voters. I have an excellent staff that is just as worthy as they are. Being that I will be retiring, I sent a letter to the council recommending, and I will ask Lauren to stand, she is my Chief Deputy. This is short, could I read it? "I am honored to recommend Lauren Jones for the position of Registrar of Voters for St. Landry Parish. I have worked with Lauren for 18 years. Lauren started working in the Registrar of Voters Office in the year of 2005 until 2009 as a part time worker. In 2011 she became a full time employee with the title of Deputy Registrar. In the year of 2014 she was appointed Chief Deputy Registrar of Voters under the Leadership of Cheryl Milburn the Registrar. Lauren is honest, dependable, very hard worker and she has a good rapport with her co-workers. Lauren will be successful in any endeavor she applies for, therefore I am happy to give her my highest recommendation. I strongly encourage you to consider Lauren for this position of Registrar of Voters. I am confident that the employment in the Registrar of Voters Office will carry on as the Registrar of Voters. I want to say again, Lauren knows everything that needs to be known in that office. She does the Reapportionment Maps, she works with all kinds of things in that office so she knows the work of it. Once again, I am asking the council to please take into consideration her knowledge of the work in the Registrar of Voters Office and you all would give it to her. Thank you all very much." I want to thank not only these councilmembers but since I have been Registrar, I have never had a problem with the councilmembers. I have to say to Mr. Bellard, if we need something and we let him know, we got it the next day. I want to thank you all for your kindness that you all have bestowed on us as councilmen in the parish."

Councilwoman Mildred Thierry stated, "Ms. Milburn, I want to personally say thank you so very much for your tireless work in that office. I pray that you enjoy your retirement as much as you enjoyed the years of service in the office. I appreciate you for highly recommending a person that I feel is capable of doing the job. I have been knowing Lauren from working in that office for some years and I want to thank you."

Councilman Jerry Red Jr., stated, "Mr. Bellard, what is the process for the council?"

Parish President Jessie Bellard stated, "From what I understand some stuff have changed last year. I was going to ask Garrett to research that for us so we can follow that process. I think some things did changed in the Legislature as far as how she is appointed and how that position is filled. If you don't mind if you can."

Legal Counsel Garrett Duplechain stated, "Yes, I believe so, yes."

Councilman Jerry Red Jr., stated, "Do you have the changes with you now Mr. Duplechain?"

Legal Counsel Garrett Duplechain stated, "No I don't. I will have them at the full council meeting two weeks from now."

Public Works Chairman Dexter Brown stated, "If the council would approve, may I ask Ms. Lauren Jones to step up to the mic."

Ms. Lauren Jones, Chief Deputy Registrar addressed the council. She stated, "Good afternoon members of the council. My name is Lauren Jones. I have been with the Registrar of Voters Office since March 2005. I started under the leadership of Mr. Moreau. He retired, then I was under the leadership of Ms. Milburn. In the course of those years, I have pretty much learned everything about the office. I have also familiarized myself with a lot in this parish. Being that I have done two Reapportionments thus far, every time it gets a little bit better, even though it is tricky at times. I have learned over the years the run of the office. I would be honored to actually continue that and continue to be transparent and work with you all and work with this parish to advance the office forward in whatever way that we possibly can as an office. We are constantly going to trainings, things are always changing and there is always something new to learn and something new that is applied, whether it be to an election, day to day run of the office and day to day reports. I would love to be awarded that opportunity to continue to give back to the parish by doing that job. Thank you."

5. Public Works Report.

Parish President Jessie Bellard stated, "We took in bids last week for Raiders Road and Grant Road for a complete overlay on those two roads. The bids came in at \$1,060,000.00. It is about 40% more than what we had anticipated. William is looking at the Proposals and he is going to give us a recommendation hopefully by the full council meeting. Raiders Road is in District 4. That will be solely with the Smooth

Ride Home Money. Grant Road is going to be paid with some Smooth Ride Home Money, District 9 money and some money that we received from the companies that destroyed some of our roads. It will be a combination of all different kinds of funds. Right now I am waiting on William to give us a recommendation so I will have that for the full council meeting so we can get that started. Mr. Clavier, you had something with Barry, did he talk to you?"

Councilman Coby Clavier stated, "He did send me a text and updated me. He was working with the local Engineer Karl, I believe. Beck Miller Road is a very high traveled road as you know and it serves also as an emergency route when time of need. Every time I go down that road I dread crossing someone because you are afraid you will hit their mirror."

Parish President Jessie Bellard stated, "That is one of our biggest problems on all of our roads when we overlay them, it kind of narrow up the road a little bit."

Councilman Coby Clavier stated, "I think fortunately this road has a little room on each side, so I look forward to that. I appreciate you working with us on that. Thank you."

Parish President Jessie Bellard stated, "I don't have anything else to discuss other than we have applied for a Grant through the Federal Government last week for \$40,000,000.00 of Grant Money through the Infrastructure Bill. All dedicated to roads, strictly overlays. We are being told we should be good but again until we see the money, we will just wish and pray for it. We are asking for the money. We did get a letter of support from the State Legislature and the Governor and the Department of Agriculture and Forestry. The Commissioner, he also sent his letter of support. We get a lot of points for having a lot of Rural Roads, so that is where the money is supposed to be spent. We are applying, hopefully we will be getting. It is on the Governor's desk right now for the \$1,000,000.00 of Drainage Funds for this year. Last year we got \$430,000.00 that we should see this year coming for Bayou Mallet in that area over there. We are hoping that \$1,000,000.00 comes in. Everything supposed to be a go until the Governor signs it, we don't know for sure."

Councilwoman Mildred Thierry stated, "Mr. Bellard, I have a question and a concern. When these contractors are hired to do different jobs in the parish, whatever it may be whether it is paving or ditching or whatever it is, is there someone who is going behind them once they say they are done and check to make sure that the work has been done accurately?"

Parish President Jessie Bellard stated, "Yes, it is going to be either Barry or Joe or Brent. They go out. Whoever is in that section, they go out and check the jobs."

Councilwoman Mildred Thierry stated, "Do you have any updates on the Broadband?"

Parish President Jessie Bellard stated, "No not really other than the National Grant is coming through, that is happening. They already asking for some time because of the supply chain. I was told last week that one of the companies here in our parish might be making all of the plastic for the cable, so it is a good thing, it will hit local. The GUMBO Plan has been challenged in court so they are telling us it will be backed up on that one as well. We were suppose to hear something back this summer on the GUMBO Plan through the state but it will be later on in the fall. Everything is kind of backed up on that one but everything else is on course. With the supply chain we are hearing some things might be a little bit slower but it is coming."

Councilman Harold Taylor questioned, "Mr. Bellard, on that \$1,000,000.00 Grant for Drainage Projects, is it Earmarked?"

Parish President Jessie Bellard stated, "No, it is just drainage."

Councilman Harold Taylor stated, "I understand, so are we going to get some options on this?"

Parish President Jessie Bellard stated, "Yeah, we were asking for \$1,000,000.00 dollars thinking that we were going to get about \$200,000.00 but we got \$1,000,000.00 so sometimes you get what you ask for. When the Governor signs it as you know it becomes law then we will be able to start planning for it."

Councilman Harold Taylor stated, "The \$400,000.00 that you got last year, was it Earmarked?"

Parish President Jessie Bellard stated, "It was for Bayou Mallet, Yes. From DEQ. It was not really an appropriations it was something through DEQ that came out at the last minute and they asked us if we had something that would fit that one and Bayou Mallet would fit that category for Debris Removal."

Councilman Harold Taylor questioned, "Was the work done by the Drainage District?"

Parish President Jessie Bellard stated, "It has not been done yet at all."

Councilman Harold Taylor questioned, "Will it be done by the Drainage District?"

Parish President Jessie Bellard stated, "No, it will be done by us but it will be through us but the money that was appropriated last year and I think we will get it this year from what I am being told. So we haven't received anything."

Councilman Harold Taylor questioned, "Is there going to be a Contractor that we are going to hire or is that going to be in house?"

Parish President Jessie Bellard stated, "We have to put it out for bid for that one."

Councilman Harold Taylor stated, "Okay, thank you."

A motion was made by Councilman Coby Clavier, seconded by Councilwoman Mildred Thierry to accept the Public Works Report.

On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None.

Motion carried.

6. Authorize and forward to full council Barry Soileau being the new Public Works Director.
Parish President Jessie Bellard stated, "In regards to Mr. Soileau, he was taking care of the roads, just doing the roads, now I have asked him to take over the Building Maintenance side of the Government. That puts him in the Public Works Area as a Director. I am asking the Council to approve the \$60,000.00 a year salary also."
Councilman Coby Clavier questioned, "What was that \$60,000.00 a year based upon to the previous guy, Russell Schexnider?"
Parish President Jessie Bellard stated, "The previous guy was making \$63,000.00 to \$65,000.00. I am not exactly sure, maybe \$65,000.00."
Administrative Finance Chairman Wayne Ardoin questioned, "Mr. Bellard, he automatically becomes the Planning and Zoning Gentlemen also. Is he aware of that?"
Parish President Jessie Bellard stated, "Yes, he is aware of that."
Administrative Finance Chairman Wayne Ardoin stated, "I just wanted to make sure. I did speak to Mr. Russell today. He told me he was making \$30.00 which adds up to \$65,000.00 a year. I would think that it would be more than fair. Barry is doing a fantastic job. I am just asking that the committee look at that. It is on their side. It is on Public Works, it is not on Finance."
A motion was made by Councilman Coby Clavier, seconded by Councilwoman Mildred Thierry to forward to Regular Meeting held on Wednesday, June 15th, 2022 to approve Barry Soileau as the new Public Works Director with a yearly salary of \$60,000.00.
On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None
Motion forwarded.
7. Further discuss the Buller Property Variance.
Parish President Jessie Bellard stated, "I meet with William Jarrell last week regarding this. I guess there are several ways to do it. We really have not come to a conclusion as to what would be the best possible way other than a gated private community with a paved road to our standards in there to meet the ordinance. The problem is the 30 foot variance in the front is a problem. I really don't know the answer to the question. William was going to do some research for us and get us some guidance on this. This is kind of a unique situation. I did find out that the trash collection could be taking place by signing a waiver by the land owners so the trash company can go back there and pick up the trash. My problem was trash at the end of the road like we have in other places that is not working. I am hoping William would have a better answer for us for the full council meeting and maybe a plan so we can move on it."
Public Works Chairman Dexter Brown stated, "The garbage collection with the new company that is coming in, do they have lighter trucks called Satellite Trucks that can go into certain areas? I have one that comes down Narcisse Lacour Road that is next to my house. It is a little small truck that goes down a dead end road and it turns around and comes back."
Parish President Jessie Bellard stated, "From what I am being told, yes they will have some smaller units so they won't damage our roads as much. That is what I am being told. Solid Waste has taken care of that."
Parish President Jessie Bellard stated, "I am hoping by the full council meeting I will have better information to give you all on the Buller Property situation."
8. Further discuss authorizing Code Enforcement to contact Landlords that own Apartment Complexes regarding General Appearance.
Councilwoman Nancy Carriere stated, "I spoke to Mr. Ardoin about this. It is not just apartment complexes it was supposed to state Landlords with any rental property or anything. That is the only wording."
Administrative Finance Chairman Wayne Ardoin stated, "I am fine with that, I yield to you and I also appreciate every councilmembers input on this. My concern is in Linwood Subdivision right off of I-49. You can go there today, they just cut the grass. What do you see out there, I have pictures of what was sent to me this evening, a bunch of liter. When they put their stuff in the dumpster the paper plates and everything on the ground and they come with a shredder and everything is scattered all over the subdivision. I just think the landlords need to be advised. Like you said Mr. Bellard you will put it out on Social Media. You can go ride by the old Wildlife and Fisheries, everything is clean there. It is just some

of these places they need a little bit of upkeep so the people that are living there next to these complexes will have a better looking neighborhood.”

Parish President Jessie Bellard stated, “What we plan on doing is a live video of what is happening. We will take some pictures before and after in some of the locations by the Wildlife and Fisheries Building. They moved the vehicle and they did a few things over there so it helped it out a lot. We still other ones that are not doing it so hopefully we can push this issue out to the public and make sure the landlord are understanding that just because you don’t live there you are still responsible for that property.”

Councilwoman Nancy Carriere stated, “Yes, that is all I wanted it to be adjusted to say all landlords.”

Administrative Finance Chairman Wayne Ardoin stated, “I want to thank Mr. Lewis. They had a couple of parked vehicles there on flat tires. We don’t need to live like this. People go back and forth and it looks like a slum. I would rather that we try to contact them, not fine anybody, but give them a warning to clean up your stuff. Thank you.”

Councilwoman Mildred Thierry stated, “I have a concern, I think the residence, whether they are a tenant or whomever they are, if they are living in a particular area they need to bear some of that responsibility, it should not all be on the landlord. If I am living in my house, I am responsible for keeping the things clean around my place. So why should they be set free just because they maybe a tenant? It should not be just the landlord, it should be the tenant and the landlord.”

Councilman Jimmie Edwards stated, “Back on that road Mr. Bellard, Hwy 190, they cut the grass there today I noticed. They have debris all over. I don’t know if you have noticed that.”

Parish President Jessie Bellard stated, “I did not go home yet but I will look at it and I will contact the Sheriff’s Office and send a letter of Abatement Proof.”

Councilwoman Nancy Carriere stated, “My concern is when Mr. Ardoin brought this up was a parked vehicle. The person I think was deceased or had moved. My concern was when a tenant moves out of a place, whatever garbage, a lot of times the landlords are putting this stuff to the road so that it can be picked up. All I ask is that they call the proper authorities to pick up the trash. As far as a person being filthy, living presently at a residence that they are renting, if the landlord does not mind the garbage on the road then I guess it is okay. My concern is when they move out, somebody needs to contact the property people. Now that tenant is no longer there so we cannot say come back and call because they have moved out or they have been put out because they were not responsible. That is what I was talking about.

Anything else while they are there, if they are filthy or they are nasty and they have trash, if that landlord does not mind it, I guess it is okay.”

Councilwoman Mildred Thierry stated, “I disagree. I don’t think it should be okay. It should be both held responsible. Not just the landlords.”

Parish President Jessie Bellard stated, “Let me tell you the process that we do. We go and research to see who owns the property. A letter is sent to the person who owns the property. It will be up to that landlord to follow up with their renters. We can only go after the person owning the property. That is all we have.”

Councilman Timmy Lejeune stated, “The problem I have with that situation is we do have a little law number one. Number two, if you that debris in your yard and it goes in our drainage ditch in front of your house and it clogs the culvert then we get a second phone call that the ditch don’t drain. We have a lot of problems with a lot of litter bugs. We can’t have resident being litter bugs on their property and the wind blows it and clogs the culverts and the ditches. We are trying to get them all cleaned now so there should be a zero tolerance for trash left unattended in a yard that flies everywhere. It is just that simple.”

Public Works Chairman Dexter Brown stated, “I would like to say to the public because I know it is Live Streamed. If you have any complaints of litter being around your apartment complex, please give our Public Works Department a call where we can get on the situation right away to clear up the matter. Thank you very much.”

9. Forward all applications received for one appointment to the Public Works Commission District Five for the remaining of a four-year term expiring 07-20-2024.

A motion was made by Councilman Coby Clavier, seconded by Councilwoman Mildred Thierry to forward to Regular Meeting held on Wednesday, June 15th, 2022 all applications received for one appointment to the Public Works Commission District Five for the remainder of a four-year term expiring 07-20-2024.

On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None
Motion forwarded.

10. Forward all applications received for one appointment for the remainder of a four-year term expiring 10-02-2025 to the Lawtell Gravity Drainage District No. 11.

A motion was made by Councilman Jimmie Edwards, seconded by Councilman Coby Clavier to forward to Regular Meeting held on Wednesday June 15th, 2022 all applications received for one appointment for the remainder of a four-year term expiring 10-02-2025 to the Lawtell Gravity Drainage District No. 11.

On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None
Motion forwarded.

11. Discuss a follow up on the widening of Beck Miller Road. (Councilman Coby Clavier).
Councilman Coby Clavier stated, "This item was discussed earlier. Barry is working on that and he will continue to update me with the progress."
12. Discuss not receiving agenda packages in the mail due to the high cost of postage and utilizing the new tablets. (Councilman Coby Clavier).
Councilman Coby Clavier stated, "I asked our Clerk to put this on the agenda. I think it is pointless now getting that expensive packet in the mail and we all have e-mail addresses, a smart phone and now we have I-pads that are expenses of the voters of St. Landry Parish. Why pay a lot in a year to mail packets to our house when we have it on our I-Pad, we have it on our E-Mail and we have it on our Phones. I would like to get a motion to discontinue the packets being mailed to our house. Mine goes in the trash anyway and that is a waste of tax payer money. My motion is to discontinue the packet going in the mail. We can look at it on your I-Pad, or your I-Phone or whatever."
Councilwoman Nancy Carriere stated, "I just wanted to say, maybe the ones that want it, because the majority of us probably don't want it or the majority of the people probably councilmembers don't want it but those that still want it, it will not be as expensive, so we are still cutting down on the cost."
Councilman Coby Clavier stated, "My motion stands."
A motion was made by Councilman Coby Clavier, seconded by Councilwoman Mildred Thierry to forward to Regular Meeting held on Wednesday June 15th, 2022 to authorize the Council Clerks to discontinue mailing Agenda Packets to the Councilmembers homes.
On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None
Motion forwarded.
13. Discuss parking around the Courthouse. (Councilman Wayne Ardoin).
Administrative Finance Chairman Wayne Ardoin stated, "I had a conversation with the Parish President. He has removed the signage in front of the courthouse which was all for Security. I just feel that this is the Tax Payer's House. They come here to take care of business so they will have a place to park there. I recommended to him asking him to maybe put some signage there saying 30 minutes, 1 hour or 2 hours. Some of these employees don't need to be parking in front of the Courthouse. Let the Tax Payers that come in and take care of business have a place to park. I also recommended asking him about the Handicapped Zone by the Courthouse where you can get on the elevator, people on a wheelchair, those two signs should be removed and placed someplace else on the court house square. It does have the department of the Voters Registrar of Voters. Just leave it where these people can come and have a place to park if they are handicapped. He has taken that advice and he is going to take care of it. I am finished with that. If we need any motion, he will take care of that and I want to tell him thank you."
14. Discuss any other business properly brought before this committee.
Councilman Jerry Red Jr., stated, "I have one that is dealing with the trash. For the last three weeks our trash have not been pick up on a properly time manner. Today is the day that it is supposed to be picked up and it is still not picked up in our subdivision. I am not sure if anyone else is having problems with your trash being picked up. We spoke about that about two months ago. Waste Connection has the contract now. We are not talking about the one that is coming in. I just keep calling Mr. LeBouef for them to come and pick up the trash and most of the time they come by the Friday and pick up the trash. I don't know what we can do, can we write a letter and send it to Solid Waste and let them know what is going on in our Districts or can you just call and take care of that for us?"
Administrative Finance Chairman Wayne Ardoin stated, "I have problems in Park Vista Mr. Red."

Parish President Jessie Bellard stated, "Yes, we have been calling for the same problems across the whole parish. We can definitely put it in writing and sent it to him and let the Board know that it is not being handled properly in our parish. That is not going to be a problem."
Councilman Jerry Red Jr., stated, "I appreciate it, Thank you."
15. Adjourn.

A motion was made by Councilman Jimmie Edwards, seconded by Councilman Coby Clavier to adjourn the Public Works Committee Meeting.

On roll call vote: YEAS: Mildred Thierry, Gil Savoy, Jimmie Edwards, and Coby Clavier. NAYS: None. ABSENT: Alvin Stelly. ABSTAINED: None.
Motion carried.

ST. LANDRY PARISH COUNCIL
ADMINISTRATIVE/FINANCE COMMITTEE MEETING
WEDNESDAY, JUNE 1st, 2022
OLD CITY MARKET, 131 W. BELLEVUE ST.
OPELOUSAS, LOUISIANA

ADMINISTRATIVE/FINANCE COMMITTEE MEETING MINUTES

1. Chairman Wayne Ardoin called this meeting of the Administrative/Finance Committee of the St. Landry Parish Council to order.
2. Roll Call: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor, Wayne Ardoin and Timmy Lejeune. ABSENT: None. Ex-Officio Vivian Olivier.

Administrative Finance Chairman Wayne Ardoin stated, "Before I begin they are asking for a motion to amend the agenda to add Resolution No. 017-2022 as line item 15 on the agenda.

Resolution No. 017-2022

A Resolution in Support of the Acadiana Criminalistics Laboratory District Capital Outlay Request for Funds to Construct and Equip a New Acadiana Criminalistics Laboratory Committing to provide matching funds in an amount not to exceed \$81,360.00. Should said Capital Outlay request be funded by the State of Louisiana and Local matching funds be required; providing for the effective date thereof; and otherwise providing with respect thereto.

A motion was made by Councilman Harold Taylor, seconded by Councilman Timmy Lejeune to Amend the Agenda to add Resolution No. 017-2022 as Line Item 15 on the Agenda.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.

Motion carried.

3. Person to address the Committee:
Mr. Harlan Kirgan, Editor, The Eunice News addressed the council. He stated, "Mr. Chairman, Councilmembers I am here about the Official Journal. I want to just remind you about our bid here. I understand from the packet that Daily World has a bid. We appreciate getting the Official Journal in the past year and hope we have done good service for the council and the clerk here. I just want to remind you all that Eunice News is locally owned and operated here in St. Landry Parish. We have a printing plant in Eunice. The Employees that are in that area are 17 full time employees and 10 part time employees. We do have an economic impact on this parish as a company operating here. We print more than 20 newspapers in Eunice and I don't think people probably realize it. It is one of the few printing presses operating in this area and in the state. We are kind of proud of that. I also would like to ask if anyone have any questions at this point."
Councilman Harold Taylor stated, "If you decide to get out of reporting you probably have a pretty good spot at lobbying."
4. Parish President & Finance Report:
Finance Director Caryn Fulop presented the council with the Financial Report. She stated,
General Fund Total Revenue: \$1,627,454.00
Expenditures Total: \$1,735,896.00
Administrative Finance Chairman Wayne Ardoin questioned, "On the Racino, are you having a little short coming or is it that the checks are not coming in on time?"
Finance Director Caryn Fulop stated, "We are just waiting on them to send the checks."
Administrative Finance Chairman Wayne Ardoin questioned, "How far are they behind?"
Finance Director Caryn Fulop stated, "Usually two months."
Administrative Finance Chairman Wayne Ardoin stated, "So right now you are two months behind. As of March to April 30th. So you have two checks that are left. We start June 1st today."
Finance Director Caryn Fulop stated, "That all depends on how much people gamble."
Administrative Finance Chairman Wayne Ardoin stated, "So we are two months behind, alright. Thank you ma'am."
Road and Bridge Fund:

Total Revenue: \$1,909,003.00

Expenditures: \$1,724,370.00

Health Unit:

Total Revenue: \$515,550.00

Total Expenditures: \$604,571.00

Jail Maintenance:

Total Revenue: \$178,916.00

Total Expenditures: \$257,480.00

Road District 12 of Ward 2 Maintenance:

Total Revenue: \$112,480.00

Total Expenditures: \$11,442.00

Road District 1 of Ward 3

Total Revenue: \$123,849.00

Total Expenditures: \$42,805.00

Sub-Road District 2 of Road District 11-A of Ward 1 Maintenance

Total Revenue: \$76,837.00

Total Expenditures: \$123,686.00

Sub-Road District 1 of Road District 3 or Ward 1 Maintenance

Total Revenue: \$27,840.00

Total Expenditures: \$15,144.00

Sub-Road District 1 of Road District 11-A Maintenance

Total Revenue: \$77,721.00

Total Expenditures: \$15,077.00

Airport

Total Revenue: \$109,361.00

Total Expenditures: \$171,990.00

Councilman Harold Taylor questioned, "On the Airport, do you have any idea on what that is all about? You took in \$109 Thousand and we spent \$171 Thousand. We are down \$62 Thousand."

Finance Director Caryn Fulop stated, "We had to clear some land at the airport. We had to move and fix a fence between Public Works and the Airport to increase the Airport's property so we can place some new Hangers on it."

Parish President Jessie Bellard stated, "Also the fuel, we have about \$26,000.00 of fuel in the tanks right now that is ready to be sold. Hopefully at the end of the year it will catch back up but that is our goal."

Councilman Coby Clavier questioned, "How have the sale been on the fuel at the Airport?"

Parish President Jessie Bellard stated, "It is slacking up some because the fuel prices are so high. Only the bigger companies are actually flying."

Councilman Jerry Red Jr., questioned, "We are talking about fuel. I am going local, on the trucks and the vehicles that are being used in the parish, can we get a quarterly printout on what the cost is? I know employees are using vehicles and the price of fuel has escalated probably \$5.00 especially with Diesel, it is like \$5.00 per gallon. Can we get a print out of that so we can see where it was, where we are and what is our plan?"

Parish President Jessie Bellard stated, "Our plan is to park some of them right now. Those who are not on call have no reason to have a vehicle. The only ones that are taking vehicles home are the ones that can actually go on a call."

Councilman Jerry Red Jr., stated, "I know that \$4.00 price for fuel is probably here to stay from what I understand. Can we have that for the full council meeting?"

Parish President Jessie Bellard stated, "Yes."

Councilman Timmy Lejeune questioned, "How much is it per gallon for the fuel at the Airport?"

Parish President Jessie Bellard stated, "\$5.95 and \$5.60. The Jet-A is a little bit cheaper. \$5.95 on the AVGAS which is what the smaller planes use. We don't sell as much of that as we would like to. We are making about seventy-five cents (.75) a gallon on the AVGAS. On the Jet A, which is the larger planes and the helicopters and stuff, we are making about \$1.25 on that."

Councilman Timmy Lejeune stated, "I am just going to ask you, did we not make more than that before the price increased?"

Parish President Jessie Bellard stated, "Yes, we would but what is happening, everybody is cutting prices across. We follow the Air Navigational within a 50 mile radius of our Airport so we try to stay competitive. False River is probably the cheapest in fuel prices. Now people are going wherever they can get the cheapest prices. We are trying to stay competitive and still try to make money at the same time but everybody is pinching and trying to get the prices down because they are so high."

Parish President Jessie Bellard stated, "In your packet you should have a copy of the Adjudicated Bid Tabulation Sheet. The Bids that came in at the same price, one of the people would back out so the other person would get the bid. What you have in front of you is what we are recommending to be awarded. It

totaled \$80,768.50 on that project. I think it is 37 pieces of property. I need a motion to accept the Bid Tabulation and to sell that property at the Bid Sale.”

A motion was made by Councilman Harold Taylor, seconded by Councilman Timmy Lejeune to forward to Regular Meeting held on Wednesday June 15th, 2022 to accept the Bid Tabulations from the sale of 37 Adjudicated Properties in the Parish.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.

Motion forwarded.

Parish President Jessie Bellard stated, “I am hoping to have the information for you all for the Women’s Shelter at the Full Council Meeting and also the Animal Control Ordinance. They are still tweaking some things on the Animal Control Ordinance. One of the things that was brought to my attention today was that we took out the Beehive stuff on Animal Control Ordinance. I got a call this afternoon, people are putting Beehives by their houses. We might have to look back at that and maybe add that in there some kind of way. The neighbors are getting stung and going to the hospital. I was going to ask Garrett tonight about our Nuisance Ordinance. I don’t know what would cover that. It is in a subdivision and a guy have a bunch of Beehives in his back yard. We never had that problem before but now we have it so maybe that Beehive portion of the Ordinance may have to go back in there.”

Administrative Finance Chairman Wayne Ardoin stated, “What are they doing in other Parishes? Do you have any idea?”

Parish President Jessie Bellard stated, “I will have to find out. That is the first I have ever heard of that. I know we have Beehives all over our parish but it is in the rural parts by the Canal. This is in the backyard of somebody’s house in a subdivision. Everybody is getting bit and one of them had to go to the hospital this morning. That is all I have.”

Administrative Finance Chairman Wayne Ardoin questioned, “On our Cooperative Endeavor Agreement with the Piolet with Walmart. They had that meeting with Mr. Rodier here and I have some minutes. What is the final on that?”

Parish President Jessie Bellard stated, “I was going to update you all at the full council meeting. As of today from what I am being told by the Attorney’s for the Sheriff’s Office and for the Assessor’s Office, they are not going to allow the Sheriff or the Assessor to sign that Endeavor Agreement. I was going to talk to Garrett about that so we can get him up to speed on that. Their attorneys are telling them that they cannot redirect the Property Tax. In essence that is what we would be doing. I know we fund some of SLED and I know it would not be a big issue for us but for the Sheriff and the Tax Assessor they are being told if they sign an agreement and they give money to the SLED Board, that is redirecting the Property Tax and they are not in favor of it at this point. I was going to get with Garrett to get with Mike Leger. They are working on some stuff. I was told that this afternoon.”

Legal Counsel Garrett Duplechain stated, “As I understand it, I think that the property tax would be directed toward SLED instead of going to the Parish. That would be a concern so I will contact Mike about that.”

Councilman Harold Taylor questioned, “Let me see if I understand this. We are not getting the money now. If we turn this deal down we won’t get it for 30 years. But if we do the deal all of these, the Sheriff, the Assessor, the Parish, the fire Districts and the School Board are going to get some money, is that correct? Are we going to argue about who directs the money. That sounds kind of childish to me.”

Parish President Jessie Bellard stated, “I am not sure. We have Cooperative Endeavor Agreements with SLED and other entities as all of you know.”

Councilman Harold Taylor stated, “I want to get to the logic of it. The logic is that Walmart does not have to pay the taxes. They are going to pay \$200,000.00 to SLED and we won’t get nothing. They are going to get their \$200,000.00 and we are left in the cold. Am I right?”

Parish President Jessie Bellard stated, “Yes you are right.”

Administrative Finance Chairman Wayne Ardoin stated, “We stand to get \$47,000.00.”

Councilman Harold Taylor stated, “No, No, what is our click.”

Parish President Jessie Bellard stated, “I forgot what it is.”

Councilman Harold Taylor stated, “\$150,000.00 to Fire District 3 and \$54,000.00 to the Sheriff and we can go on and on and on. Over thirty years my friends, that is a lot of money.”

Parish President Jessie Bellard stated, “The way their Piolet Program was listed, it was 20 years and three 10 year options to continue it. This could be a 50 year deal where the parish gets no dollars.”

Councilman Harold Taylor stated, “You know it seems to me and I am just airing right now because I think it is the most ridiculous move on the entities that don’t want to do this that I have ever heard of. It sounds like we have a couple of attorneys that are anti-tax. But this same entity has another 30 years tax free. I rest my case.”

Parish President Jessie Bellard stated, “You are correct.”

Councilwoman Nancy Carriere questioned, "I just want to ask Mr. Bellard. It was something that just came back to me about that one person that bid \$500.00 and she bid \$5,000.00. Are we going to accept the highest bid or will we let her go with that \$500.00 bid? I think you all were confused saying that maybe she put that as a deposit but she actually bid \$5,000.00."

Parish President Jessie Bellard stated, "They went with the \$500.00 bid because the lady did not know that she had already put her bid in. She is fighting a disease right now so she is really not clear. She knew she wanted to put in a bid but she is fighting Cancer right now and she did not know that she had already put a bid in so she put two bids in. So we just did the \$500.00 bid instead of the \$2,500.00 bid."

Councilwoman Nancy Carriere stated, "So we are not accepting the \$5,000 bid because of her illness? She bid two bids for the same property."

Parish President Jessie Bellard stated, "That is a council decision. I am asking the council to look at it and understand that the lady has a disease."

Councilwoman Nancy Carriere stated, "They want to know which property Mr. Lewis. I remember that situation."

Mr. Richard Lewis of Code Enforcement stated, "Melville."

Councilman Harold Taylor started, "What number is that?"

Councilwoman Nancy Carriere stated, "Church Street."

Parish President Jessie Bellard stated, "I am sorry, it is not \$500.00 it is \$1,500.00."

Councilwoman Nancy Carriere stated, "She bid \$1,500.00 and \$5,000.00 on the same property. She was the person that bid the same and I thought that we were going to go with the highest bid."

Councilman Harold Taylor stated, "Well it is awarded to the highest bidder, \$5,000.00"

Councilwoman Nancy Carriere stated, "No, she will only get it for \$1,500.00."

Parish President Jessie Bellard stated, "I am asking the council if we can look at that. I don't think that she realized she had already put in a bid. That was my understanding."

Councilman Jerry Red Jr., stated, "On our part, if we noticed that a person bid \$500.00 already and they come back and bid again, it is for us to call and contact them and inform them that they already have a bid or do they want to go with the higher bid. My reason for saying that, if someone else comes in and bid and bid \$750.00, they are out."

Parish President Jessie Bellard stated, "Everything is sealed bids so we don't know who bid until the night of the opening."

Councilman Jerry Red Jr., stated, "I am saying for future references, I know we are going to do Adjudicated Properties again. For future reference we need to make sure that a person is not bidding more than one time. We can put in it if they bid more than one time we will go with the highest bid."

Parish President Jessie Bellard stated, "Okay, Richard said when they are bringing the stuff in he can look at the numbers and make sure that the same person is not bidding on the same piece of property. He can do that."

Councilwoman Nancy Carriere stated, "Are you asking us now if we are accepting the bid? She did bid two and it has not been bought. We have about 3 of them that bided the same and I understand you saying all three let the other person have it. But this particular one, she bided twice. I had some people talk to me about it that night that we should accept the highest bid because that was the process that we said that we were going to do."

Parish President Jessie Bellard stated, "The way that it says is that we accept the highest bid, which is correct."

Councilwoman Nancy Carriere stated, "I know that she has some unfortunate circumstances but hopefully she will be a survivor and enjoy her property. I think that we should accept the highest bid."

Councilman Harold Taylor stated, "Well that is what we are doing."

Councilwoman Nancy Carriere stated, "No, we weren't. He was asking us to accept the lowest bid because she was not aware of bidding two bids."

Councilman Harold Taylor stated, "Two things could happen here. Either we took the \$500.00 deposit and put it in as a bid or she thought you had to put the \$500.00 down as a bid and come back with a second bid, is that possible?"

Parish President Jessie Bellard stated, "She started the process with a \$500.00 deposit. I am sorry it is \$1,500.00. I had said it was \$500.00 but it is \$1,500.00. She put up \$1,500.00 and \$5,000.00."

Councilman Harold Taylor stated, "So we did accept the highest bid."

Councilwoman Nancy Carriere stated, "No we did not."

Parish President Jessie Bellard stated, "You all did take the highest bid. I am asking the council to consider taking the \$1,500.00. That is up to you all."

Mr. Richard Lewis of Code Enforcement stated, "When you look at the number 24, she was the only person that bid on this particular piece of property. So the \$1,500.00 bid was already in the office. On the night of the auction that larger bid was brought in a sealed envelope."

Councilwoman Nancy Carriere stated, "So we already agreed to accept the highest bid."

A motion was made by Councilman Harold Taylor, seconded by Councilman Easton Shelvin to Accept the Parish President's Report.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.

Motion carried.

5. Update on the extended 30 day Occupational License for Asterta Espree.
Parish President Jessie Bellard stated, "After the council passed the ordinance the last meeting, now everybody has to put in an application to do permits. I think that she will fit the qualifications and it will not be an issue. She needs to come and put in an application now. Jennifer will have the applications. They will be on line and they can download them and print them and bring them over here and we will bring it to the council. Whenever they bring it in, I will bring it to the next committee meeting and the process will be done at that point."
Administrative Finance Chairman Wayne Ardoin stated, "So it will be done in the July Committee Meeting."
Parish President Jessie Bellard stated, "Whoever turns an application in. What I would like to do is bring it to the committee. Whichever one I get before the committee then that takes care of that month and every month after."
Administrative Finance Chairman Wayne Ardoin stated, "Is there action that needs to be taken on item No. 5?"
Parish President Jessie Bellard stated, "No Sir."
6. Authorize to advertise for one appointment to the St. Landry Housing Authority for a five year term expiring 08-04-2022.
A motion was made by Councilman Harold Taylor, seconded by Councilman Jerry Red Jr., to forward to Regular Meeting held on Wednesday June 15th, 2022 to authorize the Council Clerk to advertise for one appointment for a five year term to the St. Landry Parish Housing Authority. (08-04-2022 – 08-04-2027),
On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.
Motion forwarded.
7. Discuss Granting a waiver for a Building Permit for a home that burned down at: 196 Cattle Drive, Opelousas. (Councilwoman Nancy Carriere).
A motion was made by Councilman Harold Taylor, seconded by Councilman Timmy Lejeune to forward to Regular Meeting held on Wednesday, June 15th, 2022 to grant a Waiver for a Building Permit for a home that burned down at 196 Cattle Drive, Opelousas.
On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.
Motion forwarded.
Parish President Jessie Bellard stated, "Mr. Chairman, just for clarity that is a Building Permit and not the Inspections."
8. Forward to Regular Meeting a vote to appoint an Official Journal for the St. Landry Parish Government: The Eunice News or the Daily World. Note: Both have submitted their rates.
Administrative Finance Chairman Wayne Ardoin questioned, "Did we get a bid from the Daily World? Oh yes, I see it here, I am sorry."
Councilman Coby Clavier questioned, "Before you vote, can I question something before you vote? Are you all are going to vote to send it to the full council right?"
Administrative Finance Chairman Wayne Ardoin stated, "Yes, I am going to ask that the Committee get Ms. Sherell to tabulate the bids and give us the best price that is offered at the full council meeting. They have to tabulate the bids."
A motion was made by Councilman Harold Taylor, seconded by Councilwoman Nancy Carriere to forward to Regular Meeting held on Wednesday, June 15th, 2022 to authorize Sherell Jordan, Council Clerk to tabulate the Bids between the Eunice News and the Daily World and present the council with the best price for the Official Journal for the St. Landry Parish Government.
On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.
Motion forwarded.
9. Authorize the Lease and Operating Agreement between the St. Landry Parish Government and Lessor Creighton D. Harmon at the St. Landry Parish Airport.

Parish President Jessie Bellard stated, “He is going to build a Hanger at the Airport so he needs to do the Lease on the land.

Administrative Finance Chairman Wayne Ardoin stated, “He is building everything, it is his building and we are leasing him the property.”

Parish President Jessie Bellard stated, “Correct, yes. At the rate of five cents a square foot like everybody else.”

12. Forward to Full Council RESOLUTION NO. 014-2022

Councilman Harold Taylor stated, “We need to make reference to the Home Rule Charter.”
Legal Counsel Garrett Duplechain stated, “Everybody has a copy of the letter and the Resolution that will be sent to the Attorney General. Two weeks from today Parish Council Full Council votes to pass a Resolution asking the opinion from the Attorney General. The only change I was asked to make is in the letter that will be sent whether it should reference the Home Rule Charter Section 3-10 - No. 5: ‘Sign Contracts, Acts of Sale and other obligations as may be authorized by Council’ in the letter that is sent. That is only change I was asked to make if every wants.”
Councilman Jerry Red Jr., questioned, “Is this pertaining to the Attorney General’s Opinion?”
Legal Counsel Garrett Duplechain stated, “That is right. Council is going to vote to forward this Resolution to Full Council Meeting two weeks from today. Two weeks from today the Full Council will vote. If they vote to pass the Resolution, this Resolution and this letter asking for the opinion will go to the Attorney General’s Civil Division and they will send their opinion to us.”

Resolution No. 015-2022

A resolution approving the holding of an election in Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana, on Tuesday, November 8, 2022, to authorize the renewal of special taxes therein.
WHEREAS, the Board of Commissioners of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "Governing Authority"), acting as the governing authority of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), adopted a resolution on June 1, 2022, calling a special election in the District on Tuesday, November 8, 2022, to authorize the renewal of special taxes therein; and

WHEREAS, the governing authority of the District has requested that this Parish Council, acting as the governing authority of the Parish of St. Landry, State of Louisiana, give its consent and authority for the District to hold the aforesaid election, and in the event that the election carries to continue to levy and collect the special taxes provided for therein; and

WHEREAS, as required by Article VI, Section 15 of the Constitution of the State of Louisiana of 1974, it is now the desire of this Parish Council to approve the holding of said election and in the event that the election carries, to continue to levy and collect the special taxes provided for therein;

NOW, THEREFORE, BE IT RESOLVED by the Parish Council of the Parish of St. Landry, State of Louisiana, acting as the governing authority of said Parish, that:

SECTION 1. In compliance with the provisions of Article VI, Section 15 of the Constitution of the State of Louisiana of 1974, and in accordance with the request of the Board of Commissioners of Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana, this Parish Council hereby approves the holding of an election in the District, on Tuesday, November 8, 2022, at which election there will be submitted the following propositions, to-wit:

PROPOSITION NO. 1 OF 2
(MILLAGE RENEWAL)

Shall Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), continue to levy a special tax of four and seventy-two hundredths (4.72) mills on all property subject to taxation within the District (an estimated \$61,660 reasonably expected at this time to be collected from the levy of the tax for an entire year), for a period of ten (10) years, beginning with the year 2024 and ending with the year 2033, for the purpose of constructing, improving, and maintaining gravity drainage works within and for the District?

PROPOSITION NO. 2 OF 2
(MILLAGE RENEWAL)

Shall Coulee Croche Gravity Drainage District No. 22 of St. Landry Parish, Louisiana (the "District"), continue to levy a special tax of four and fifty hundredths (4.50) mills on all property subject to taxation within the District (an estimated \$58,780 reasonably expected at this time to be collected from the levy of the tax for an entire year), for a period of ten (10) years, beginning with the year 2023 and ending with the year 2032, for the purpose of constructing, improving, and maintaining gravity drainage works within and for the District?

SECTION 2. In the event the election carries, this Parish Council does hereby further consent to and authorize the District to continue to levy and collect the special taxes provided for therein.

14. Forward to Full Council RESOLUTION NO. 016-2022

Councilman Jerry Red Jr., stated, "Mr. Chairman, I will make a motion and I will advise everyone to look and make sure that all your precincts are up to date in your Districts."

Parish President Jessie Bellard stated, "We discussed a couple of them at the meeting the other night. I want to make sure with our Legal Advisor that we can make the changes at the hearing. Just like No. 16, on here is still showing Port Barre and it should be in Krotz Springs. I just want to make sure. Do we have to do it now or do we do it at the hearing. I just want to make sure that it gets done."

Legal Counsel Garrett Duplechain stated, "The changes that need to be done needs to be done by the full council meeting two weeks from today. By State Statue, when it comes to the Precincts, they are established by Ordinance and when it comes to the Polling Places, it is established by a vote of the council. Once the Polling Places established, it may only be changed by a vote of the Parish Council. That means a Resolution for Polling Places where the people vote and an Ordinance for the Precincts. Now I think the Precincts already are set by our Ordinance. This one is our Resolution for the Polling Places. When the council meets two weeks from today, Full Council Meeting for a Full Council vote, all the polling places need to be in their place right and then they will pass this ordinance."

Councilman Jerry Red Jr., stated, "But this is a Resolution right?"

Legal Counsel Garrett Duplechain stated, "I mean the Resolution, then they will pass this Resolution."

Councilman Jerry Red Jr., stated, "So we need to do it as an Ordinance or can it be done as a Resolution?"

Legal Counsel Garrett Duplechain stated, "A Resolution. The polling places where people vote are done by a Resolution and the Precincts are set by Ordinance."

A motion was made by Councilman Jerry Red Jr., seconded by Councilman Harold Taylor to forward to Regular Meeting held on Wednesday, June 15, 2022 to approve Resolution No. 016-2022.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.

Motion forwarded.

Resolution No. 016-2022

A RESOLUTION TO ASSIGN POLLING LOCATIONS FOR THE PRECINCTS CREATED UNDER REDISTRICTING PLAN A

WHEREAS, The Census 2020 count has been completed and the PL 94-171 reapportionment data was delivered to the State of Louisiana on the 12th of August 2021, and:

WHEREAS, The St. Landry Parish Council conducted a study which found the current districts were malapportioned and thereby required redistricting, and:

WHEREAS, The St. Landry Parish Council developed Plan A as the new election plan for the members of the St. Landry Parish Council that was in fulfillment of the requirements of Section 2 of the Voting Rights Act, the requirements of the State of Louisiana, and the Louisiana Secretary of State, and:

WHEREAS, The new election plan is hereby designated as Reapportionment Plan A, and:

WHEREAS, The precinct splits contained in Reapportionment Plan A meet the requirements for splitting precincts as promulgated by the State of Louisiana such as, but not limited to using census tabulation blocks that contain visible features for split precinct boundaries, and:

WHEREAS, The precincts created by Reapportionment Plan A and adopted via ordinance required polling locations to be assigned.

NOW, THEREFORE BE IT RESOLVED That the St. Landry Parish Council, in Regular Session assembled, does hereby assign the following polling locations to the precincts contained in Reapportionment Plan A and re-describes the remaining precincts as hereby described to-wit in the attached Exhibit A.

15. Forward to Full Council RESOLUTION NO. 017-2022

Legal Counsel Garrett Duplechain stated, “If the council passes this Resolution two weeks from today, the Resolution does not obligate the parish to pay the allotted amount. It merely states the will of the Parish Council to go forward with the New Acadiana Crime Lab and they will try to appropriate the money, their share of the money to build a new Crime Lab but it does not obligate them to do so. There are eight (8) Parishes within the Acadiana Crime Lab District with St. Landry Parish being one of them. This Resolution has gone out to the eight Parishes. If all eight Parishes pass the Resolution, then it is another step in the process where all eight Parishes are going forward to try to fund new facilities for the Acadiana Crime Lab. This is just a step in the process with this Resolution here. The full amount allotted to St. Landry Parish is \$450,660.00. The plan if it comes together is for the Municipalities to contribute money into it so that the Parish Government would not be picking up the whole bill for this, so to speak. We will have to get with the Municipalities along the way. It is a process and it will take time. This is one of the steps to funding the new facility for the Acadiana Crime Lab which is in Iberia Parish.”

A motion was made by Councilman Harold Taylor, seconded by Councilman Jerry Red Jr., to forward to Regular Meeting held on Wednesday, June 15th, 2022 to approve Resolution No. 017-2022.

On roll call vote: YEAS: Jerry Red Jr., Nancy Carriere, Easton Shelvin, Harold Taylor and Timmy Lejeune. NAYS: None. ABSENT: None. ABSTAINED: None.

Resolution No. 017-2022

A RESOLUTION IN SUPPORT OF THE ACADIANA CRIMINALISTICS LABORATORY DISTRICT CAPITAL OUTLAY REQUEST FOR FUNDS TO CONSTRUCT AND EQUIP A NEW ACADIANA CRIMINALISTICS LABORATORY; COMMITTING TO PROVIDE MATCHING FUNDS IN AN AMOUNT NOT TO EXCEED \$81,360.00 SHOULD SAID CAPITAL OUTLAY REQUEST BE FUNDED BY THE STATE OF LOUISIANA AND LOCAL MATCHING FUNDS BE REQUIRED; PROVIDING FOR THE EFFECTIVE DATE THEREOF; AND OTHERWISE PROVIDING WITH RESPECT THERETO.

WHEREAS, the Acadiana Criminalistics Laboratory District is a political subdivision of the State of Louisiana operating the Acadiana Criminalistics Laboratory for the purpose of crime detection, prevention, investigation and other related criminal investigative services; and WHEREAS, the Acadiana Criminalistics Laboratory District boundaries include the parishes of Acadiana, Evangeline, Iberia, Lafayette, St. Landry, St. Martin, St. Mary, and Vermilion; and

WHEREAS, the current Acadiana Criminalistics Laboratory facility is in need of repairs, expansion and upgrading to meet the increased demand for its services by the law enforcement, prosecutorial, and judicial community; and

WHEREAS, the Acadiana Criminalistics Laboratory District has submitted a Capital Outlay Request to the State of Louisiana for funding to plan, construct and equip a much-needed new Acadiana Criminalistics Laboratory, including office, evidence storage and laboratory space; and

WHEREAS, the new Acadiana Criminalistics Laboratory will be built on an approximately three (3) acre tract of land owned by the Acadiana Criminalistics Laboratory District located adjacent to or near the current Crime Lab facility; and

WHEREAS, the Acadiana Criminalistics Laboratory Project is extremely important to the health, safety and welfare of the citizens of the Acadiana Region; and

WHEREAS, most Capital Outlay Requests require some level of local matching funds; and

WHEREAS, the St. Landry Parish Council wishes to express its full and complete support of the Acadiana Criminalistics Laboratory District Capital Outlay Request and its commitment to provide its pro-rata share of any required matching funds should the Request be funded.

NOW, THEREFORE, BE IT RESOLVED that the St. Landry Parish Council hereby expresses its full and complete support of the Acadiana Criminalistics Laboratory District Capital Outlay Request to the State of Louisiana for funding to plan, construct and equip a new Acadiana Criminalistics Laboratory facility.

BE IT FURTHER RESOLVED, that the St. Landry Parish Council also commits to cooperate with the Administrative Branch of the Parish of St. Landry to use their best efforts to provide funding of up to \$81,360.00 should the Capital Outlay Request made by the Acadiana Criminalistics Laboratory District be funded by the State of Louisiana and local matching funds required.

BE IT FINALLY RESOLVED, that this Resolution shall become effective immediately upon adoption by the Parish Council of St. Landry Parish and approval by the Parish President.
